

# Dethroned

## Destruction

History repeats  
Murder and deceits  
Brutal reign of fire

Dominated herd  
Theater of the absurd  
Why do I inquire?

Inbreeding evil ruled our yesterday  
Eliminating policy of decay  
Will mankind never, ever learn?  
Outcry your fear and concern

Dethroned - dethroned  
This race devours its own  
Evolution postponed - destination unknown  
Dethroned - dethroned  
This race devours its own

Force of execution  
Sowing disillusion  
Murdering their own

On their gory trail  
Downfall will prevail  
Into oblivion...

Inbreeding evil ruled our yesterday  
Eliminating policy of decay  
Will mankind never, ever learn?  
Outcry your fear and concern

Dethroned - dethroned  
This race devours its own  
Evolution postponed - destination unknown  
Dethroned - dethroned  
This race devours its own

Once they wanted to change creation  
Fight war, injustice and starvation  
A dream to fight all the torment  
Bring the sellout oppression to an end

On our search for the Holy Grail  
Power-seekers always fail  
Their ails totally out of sight  
Blinded by the potential of their might

Inbreeding evil ruled our yesterday  
Eliminating policy of decay  
Will mankind never, ever learn?  
Outcry your fear and concern

Dethroned - dethroned  
This race devours its own  
Evolution postponed - destination unknown  
Dethroned - dethroned

This race devours its own - dethroned
