## Destruction

Filthy!

The gift of a new born life it is so innocent  
And in the same time so damned convenient  
There is nothing evil in any new born soul  
It is so real & pure unsullied and in control!

We create the beast  
Start the blood-feast  
Benefit from stealth - FILTHY WEALTH  
Our greedy goal  
Mankind in control  
Risk your mental health - FILTHY WEALTH  
We pretend to raise our kids in the most positive way  
For real we educate sheep that fulfill the cliché  
We built an empire of lies to manage the helpless the stranded  
A business model backhanded

We create the beast  
Start the blood-feast  
Benefit from stealth - FILTHY WEALTH  
Our greedy goal  
Mankind in control  
Risk your mental health - FILTHY WEALTH

Getting rich on others weakness  
A business model supreme  
What a wonderful ego trip  
To destroy peoples dreams

Within livin' memories  
We milked our working class  
To gain immortal wealth  
Like a snake in the grass

We create the beast  
Start the blood-feast  
Benefit from stealth - FILTHY WEALTH  
Our greedy goal  
Mankind in control  
Risk your mental health - FILTHY WEALTH  
We create the BEAST - FILTHY WEALTH  
We start the fucking blood-feast  
We create the BEAST - FILTHY WEALTH
