

The Ravenous Beast

Destruction

The greedily gullet of the bigwig nations
Swallows all of our patience
In unity they fool the poor
Keen on cash like a cheap fucking whore
They're misplaying their winning game
Already forgot that we're all the same
Their acting under our flag
Awkward political greylag
The ravenous beast
The claws of evil ripping the credulous poor apart
The statement of claim ignored by those with a blackheart
Wrapped up in lies
The ravenous beast
Seems education didn't teach us well
This ego mania leads into a bombshell
Disgrace surrounds me on those lucky days
Cause soon the world will be ablaze
Only to give and to share luck
Keeps the unprivileged away from running amok
