

Tormented Soul

Destruction

Fear dominates your day
All goals seem unreachable
Your life drowns in disarray
But nothing is unteachable

Evil spirits surround you all day
Break the circle - spiritual decay
Mind control - victim of vanity
Resist the urge - reason and sanity

Tormented soul
Life on parole
Tormented soul
Make the voices disappear
Survive the black hole
Oh tormented soul

Setbacks are your routine
Your demons are in war
Explosive as nitroglycerin
Your only escape is the drug store!

Evil spirits surround you all day
Break the circle - spiritual decay
Mind control - victim of vanity
Resist the urge - reason and sanity

Tormented soul
Life on parole
Tormented soul
Make the voices disappear
Survive the black hole
Oh tormented soul

Freedom of your mind will be the salvation to find!
Prevent the darkness to rise or desolation will be your demise!

Evil spirits surround you all day
Break the circle - spiritual decay
Mind control - victim of vanity
Resist the urge - reason and sanity

Tormented soul
Life on parole
Tormented soul
Make the voices disappear
Survive the black hole
Oh tormented soul
