

Aortic Desecration

Dethklok

We are all going to die
We are all going to die
We are all going to die
Eventually

Toxic waste
Acidic paste
Degradation
Crushed by a plane
Driven insane
Mutilation
Cranial glitch
Dumped in a ditch
Gangrenous stitch
Madness has entered your soul

How could you be
So fucking naive
Fled for refuge
And fell to your knees
You spoke the words
And brandished your heart
You left yourself open
To be torn apart
Torn apart

Aortic desecration
How could I be so wrong
Disemboweled publicly
This is the dying song
Look out

Bleed
Bleed
Bleed
Bleed
Bleed
Bleed
Bleed
Bleed

Aortic desecration
How could I be so wrong
Disemboweled publicly
This is the dying song

Aortic desecration
Atrial annihilation
Pulmonic devastation
