

# Bloodbath

Dethklok

Why can't I make up my mind  
Is this your knife in my back  
Why's this mood swinging around  
Like an executioner swings its axe

This is a warning  
You better stay away  
Just take a tiny step back  
It's in my DNA

Where am I going  
I lose control in the streets  
It's overflowing  
This transformation complete

This is a warning  
But get the fuck away  
We're gonna get darker  
It's in my DNA

Beware and clear the streets  
The reaper is released  
Stare not into their eyes  
Or the angel of death you'll greet

Like it or not  
You just got caught in a bloodbath  
Somebody throw me a party  
'Cause it's my debut  
'Cause if I'm bathed in blood  
Then so are you  
Don't give a fuck about nothing else  
This is my bloodbath  
You ain't seen rage  
You ain't seen wrath  
Now strap yourself in, motherfucker

I am the cosmos  
I am torment  
I bring forth life  
Witness my ascent

Sit your ass down  
Because the shark is in town  
And it's a bloodbath  
I must share my discomfort with you  
Now bow to the power or be consumed  
Fuck the whole world 'cause it's coming unfurled  
And it's a bloodbath  
You have no clue  
The pain is transcending  
Now fuck up and die  
My patience is ending  
Oh, it's a bloodbath

Why do I feel so big  
Why do I feel so ugly

This is my only path  
It's our bloodbath  
It's our bloodbath  
It's our bloodbath
