

Ghostqueen

Dethklok

Mourning matron!
The harpy's breasts!
The scowling raven!
You'll die unblessed!
Its patronizing!
You are obsessed!
The demon's rising!
The ghost possessed!

Go hide!
It's all you ever do, resign!
The sickness is yours, too!

Shameful burden!
So pestilent!
The crouching coward!
Malevolent!
So disappointing, your legacy!
The feeble leper!
The entity!

Go hide!
It's all you ever do, resign!
The sickness is yours, too!

Pass your shame on through the years,
Pay the toll in bloody tears,
It's gonna find you!
It's gonna find you!

Keep the poisoned hate-filled fear,
Spread the pain, it's so severe,
It's gonna take you!
It's gonna take you!

It's gonna take you!
IT'S GONNA TAKE YOU!!!

Comply!
Another's come to preach
Defy!
Prepare your final speech

Pass your shame on through the years,
Pay the toll in bloody tears,
It's gonna find you!
It's gonna find you!

Keep the poisoned hate-filled fear,
Spread the pain, it's so severe,
It's gonna take you!
It's gonna take you!

Suffocate,
Make yourself a good check,
The bank's gonna blow,
So you can't fucking take it,

This is a war!
This is a war!
This is a war!
This is a war!

IT'S GONNA TAKE YOU!!!
IT'S GONNA TAKE YOU!!!
IT'S GONNA TAKE YOU!!!
It's gonna take you!
