

# Murmaider III

Dethklok

The blackened deep  
The coral keep  
The dying king  
Will no one weep  
Ruled in fury  
Incurred his debt  
This wretched prize  
Crown of regret

Scavenger  
Savager  
Blasphemer  
Vile  
Violator  
Tormentor  
Murmaider  
Guile

Within this dying sea  
The Murmaid three arrive  
These witches have foreseen  
The end of everything  
They say  
Your power blinds you  
Your DETH will find you  
Vengeance from your enemies  
Your kingdom crushed  
Your subjects bleed  
Refuse defiance  
Forge this alliance  
From the land (Check)  
From the sky (Check)  
And from the blackened fire

The end's approaching (We survive)  
Darkness encroaching (We survive)  
This nautic land (We survive)  
Our final stand (We will swim)  
We will swim (We will fight)  
We will fight (In the deep)  
In the deep  
We survive  
We survive  
The final dream  
The gleaming reef  
The silver light  
The Murmaids sing  
The blackened fire  
The blazing sky  
The pluming ink  
The sea beast cry  
His final sleep  
But we survive

Check, check, check, check  
Check, check, check, check  
Check, check, check, check

Check, check, check
