

Satellite Bleeding

Dethklok

Subterranean
Crawling haze fades away
Constellations
Dark cloud of riders
Glide in silence
In the starlight

Primordial gateway
One of glass
The other of ivory
This was the invocation
Deep inside this trance

Satellite bleeding
Fist or light eternally
Obsession leading
Planetary elegy

This is the invitation
This is the invitation
Travel deeper inside

Satellite bleeding
The star dies eternally
Obsession leading
Planetary elegy
