

Franny

Deuce

You helped me see
When there was so much in me
You helped me believe
When there was something to be

And I don't mind if there's nothing to say
Cuz in the end we'll always be the same
And I don't mind if there's nowhere to stay
Cuz in the end we'll always find our way

Is this me, Is this you
So hard to understand this world
Is it True, will be soon
So hard to understand

You helped me see
When there was so much in me
You helped me believe
When there was something to be

And I don't care what you say to me
Or run away until the sun starts to fade
And I don't care how you look at me
We'll run today until we're far away

Is this me, Is this you
So hard to understand this world
Is it True, will be soon
So hard to understand

Is this me, Is this you
So hard to understand this world
Is it True, will be soon
So hard to understand

Is this me, Is this you
You helped me see
Is it True, will be soon
You helped me believe
