

Great American Nude

dEUS

She had this thing
about Aleister Crowley
it was like a fascination (2x)

I didn't mean to be rude...

Hey, I want to
I want to testify !
Hey, I want to (repeated throughout the song)

Burton in a salad bar sweet like a candy bar
No more soda for a clean genius in quarantine
I mean where's the love, where's the hate.
What's a smiling face and a sunburned prostate
for a man that great.

Richard there, Richard here,
Richard quoting Shakespeare,
back and forth and back again,
to be or not to be the man.

Lizzy's getting dizzy, she should've known it from the
start being rich is just a lifestyle being ALIVE
is just a part

That's what makes a kilo heavier than a gram, mam (2x)

I don't mean to be rude
Great American nude

I got a gift from my mother,
she got it for a dime
She got it from someone
and I also don't mind

But it's just a phase
when I get graced
Can't tell the picture from a sound
I thought you were just a colour
Great American brown (2x)

Postmodern, old-fashioned,
underground and an underground man
Black as blood on canvas, shaky hands

You see, I got it from my mother
She got it for a buck
Get the gallery connected
Get the clientele to perform
Sell a demon for a duck

I didn't mean to be rude
Great American Nude

Hey, I didn't mean to be rude !
Great American Nude

Walk that walk
I'm looking for my pop

Burton in a salad bar sweet like a candy bar
No more soda for a clean genius in quarantine
I mean where's the love, where's the hate.
What's a smiling face and a sunburned prostate
for a man that great.

Great American Nude

Take American Express ?

Walk that walk (2x)

That's what makes a kilo heavier than a gram, mam (3x)
That's what does it..

One two (6x)

One two (3x)

Great American Nude (4x)

I want to testify

She had this thing about Aleister Crowley
wrapped up inside of her head
It turned her around like sentiment
(inaudible speech)
