

Theme from Turnpike

dEUS

He went to the bottom, put his soul on fire
He went to the bottom, put his soul on fire
New Jersey Turnpike riding on a wet night
New Jersey Turnpike riding on a wet night

Maybe he got the rhyme
Maybe he got the eyes
Maybe he got the time counter clock wise
He said, he said
New Jersey Turnpike riding on a wet night
New Jersey Turnpike riding on a wet night

Maybe he got the song
Maybe he got the size
Maybe he got it wrong counter clock wise
He said: "No more loud music"
He said: "No more loud music"
He said: "No more loud music"
He said: "No more loud music"
