

Shoulda known it from the start  
It's just the way, the way things are  
Makes you think, well doesn't it  
How I talked to you in this shit  
Now the consequences toll inside my head  
Now the consequences toll inside my head  
Dea see you back some time again  
You proved it and it makes sense  
It takes a God to be a man  
Didn't know you played the violin  
Had no idea the shape you're in  
That's no excuse for anything  
All I wanna do is... have my way with you  
Tell me wouldn't it be cool  
If I just had my way with you  
What I'm saying it ain't new  
But it's true  
that the girl you choose is the one  
that will screw the guy next to you  
Shoulda known it from the start  
But who knows where and who knows how far  
This is leading me  
Tell me wouldn't it be cruel  
If this wasn't mutual  
As usual  
I invited you to dance, that's all  
While I was jiving  
You did the tango  
Now the consequences toll inside my head  
Now the consequences toll inside my head  
Dea see you back some time again  
You proved it and it makes sense  
It takes a God to be a man  
I didn't know you played the violin  
I had no idea the shape you're in  
That's no excuse for anything  
You should see me  
You should see me  
You should see me squandering my days  
And you should see your smiling face  
And second hand sorrow  
All your troubles wear my autograph  
I wasn't born to make you laugh  
And I ain't no habit you'd like to have  
All I wanna do is... have my way with you  
All I wanna do is... have my way with you  
Dea see you back some time again  
You proved it and it makes sense  
It takes a God to be your man  
I didn't know you played the violin  
I had no idea the shape you're in  
That's no excuse for anything  
You should see me  
You should see me  
You should see me squandering my days  
And you should see your smiling face  
And second hand sorrow
