

# Turnt 4 Da Weekend

Dev

We on now, whatcha gonna do about it?  
We got that money, what we gonna do with it?  
We run the club, how you gonna act now?  
Put yo hands up, now put em back down  
I got a girlfriend, and a girlfriend  
and we all gettin turnt for da weekend  
turnt for da weekend, turnt for da weekend  
And we all gettin turnt for da weekend

Can I get some trees in my habitat  
Pass a blunt you can't handle that  
This beast in the game imma take that ring  
And no you cannot have that back  
No I do not have to rap but I still put out the part ask that track (that t  
rack)  
And you know them DJs play it if it say 'It's the Cataracs"  
And then we shut the dance floor down  
It's hard not to be a man whore now  
Cause the pants on the ground and the man's outta town  
so he's sidelined, outta bounds  
And I'm a player, the coach and the owner  
I bet you get that voice mail every time you phone her  
Every time we sober they be actin like they drunk  
Till they man's come around,  
Now they actin like they nuts  
I got a jet I mean I really got a flight, comin?  
So take it up a step, matter fact a flight of it  
That was little weezy gettin burned man  
You can start cuttin the tags now, we want errything

We on now, whatcha gonna do about it?  
We got that money, what we gonna do with it?  
We run the club, how you gonna act now?  
Put yo hands up, now put em back down  
I got a girlfriend, and a girlfriend  
and we all gettin turnt for da weekend  
turnt for da weekend, turnt for da weekend  
And we all gettin turnt turnt turnt

It's a Friday night, light a cigarette  
Roll that dice girl, what you gonna bet?

You bad, we bad, it's okay  
We seldom win, and we gonna pay  
I think these hoes need savin  
Dirty girls all go clean shaven  
Uh, it's just the way I was raised  
If yo life is a bitch, better get that bitch spayed  
On a train, through Spain  
And they all say 'me llama'  
They say 'baby, you my baby and I want you for tha summer (tha summer)'  
Well the women is my lover  
Cause I'm cold like your father, yeah a real motherfucka (motherfucka)  
Uh, look what we started (look what we started)  
From a sea to a garden (to a garden)  
Pardon my French,  
I got bitches on deck, and they comin off the bench heyyyy

We on now, whatcha gonna do about it?  
We got that money, what we gonna do with it?  
We run the club, how you gonna act now?  
Put yo hands up,  
now put em back down, put em put em back down  
Turnt for da weekend turnt for da weekend  
And we all gettin turnt for da weekend  
Turnt for da weekend turnt for da weekend  
And we all gettin turnt for da weekend  
Look what we started  
From a sea to a garden (to a garden)  
Look what we started  
From a sea sea sea sea to a garden

Turnt for da weekend turnt for da weekend  
And we all gettin turnt for da weekend  
Turnt for da weekend turnt for da weekend  
And we all gettin turnt for da weekend
