

# Run Me Through

Deva Mahal

No one can save me now  
Got my head in the clouds  
And I'm spinnin' out  
I was bullet proof till you shot me down  
Now you've run me through, baby

Told me that you really dug my mama  
That's when I should've known you were trouble  
Swore I froze space and time (blew your mind)  
The moment I caught you're eye (those eyes)  
Lord knows I should've seen you comin'

No one can save me now (all I see is you)  
Got my head in the clouds  
And I'm spinnin' out (ain't nothin' I can do)  
I was bullet proof till you shot me down (ha ah ah ah)  
Now you've run me through, baby

Talk a big game  
Turns out you've been lyin' (lyin', lyin', lyin')  
But, I'm hooked on your love  
Need what you're supplyin' (hoo ooh ooh)  
Should've seen the warning signs (neon lights)  
For I gave this heart of mine (hoo oh oh oh oh)  
Lord knows you got me  
And there ain't no runnin' (ain't no runnin')

No on can save me now (all I see is you)  
Got my head in the clouds  
And I'm spinnin' out (ain't nothin' I can do)  
I was bullet proof till you shot me down (ha ah ah ah)  
Now you've run me through, baby

I think  
Maybe he's changin' his ways  
(Don't do it girl, don't do it girl, don't do it girl)  
But then  
He doesn't call me got days  
(Don't do it girl)

No one can save me now (all I see is you)  
Got my head in the clouds  
And I'm spinning out (ain't nothin' I can do)  
I was bullet proof till you shot me down (ha ah ah ah)  
Now you've rune me through  
Run me through, baby

No one can save me now (all I see is you)  
Got my head in the clouds  
And I'm spinning out (ain't nothin' I can do)  
I was bullet proof till you shot me down (ha ah ah ah)  
Now you've rune me through  
Run me through, run me through, baby

No one can save me now (all I see is you)  
Got my head in the clouds  
And I'm spinning out (ain't nothin' I can do)

I was bullet proof till you shot me down (ha ah ah ah)  
Now you've rune me through...
