Take A Giant Step

Deva Mahal

Though you failed at love and lost
And sorrow has turned your heart to frost
I will mend your heart again

Remember the feeling as a child
When you woke up and morning smiled
It's time, it's time you felt that way again

There is just no percentage of remembering the past
It's time you learned to live again and love at last

Come with me, leave your yesterday, yesterday behind
Take a giant step outside your mind

You stare at me with disbelief
You say, for you, there's no relief
But, girl, I swear, you won't come to no harm

Don't sit there in your lonely room
Just looking back on your lonely gloom
Mama, that's just not where you belong

Come with me, and I'll take you where
The taste of life is dreamed
And every day hold on, woman, we'll be seen

Come with me, leave your yesterday, yesterday behind, yeah
Take a giant step outside your mind

Oh-oh-oh
Come with me, and I'll take you where
The taste of life is dreamed
And every day hold on, woman, we'll be seen, oh, yeah

Come with me, leave your yesterday, yesterday behind
Take a giant step outside your mind
Oh-oh-oh
Come with me, leave your yesterday, yesterday behind
Take a giant step outside your mind
Oh-oh-oh
Come with me, leave your yesterday behind, oh, yeah
And take a giant step outside your mind

Though you failed at love and lost
And sorrow has turned your heart to frost
I will mend your broken heart
