

Let's See

Devendra Banhart

Swatting a fly
With nuclear bomb
Minimum eye
Pattern is gone
Thoughts carry on
Oblivion
In an aquarium of walls
Filling my lungs

Let's see what's in store
Let's see what's in store

Fresh off the boat
Kingdom of man
Woman can't vote
In Vatican
Digging tunnel
Over a fence
Spectacular
Experience

Let's see what's in store
Let's see what's in store

Discovering your head
You get decapitated
And what's more
See it rolling on the floor
Recovering the thread
Of a broken narrative
And once more
You don't need it anymore

Can you visualize
Things as they are
Total guitar
Company car
Articulate
Palm of your dream
And an inspiring
Inflight magazine

Aunt Rita what lovely coasters
In downtown pharaoh's lair
On an ocean of incarnations
Directions that go everywhere

And for a while
It was divine
In the pawn shop
Of everyone's mind
Mother of pearl
Mouth of a cat
You are like that
You are like that

And I've never heard music before
