

Make It Easier

Devendra Banhart

To lose the love I've had Lose the love I've had Make it easier
on me Easier on me

Said it's cold outside Well it's cold outside It's so cold outside
Yes it's cold outside We should come inside 'Cause it's cold outside
We should come inside 'Cause it's cold outside

Said it's cold outside Yes it's cold outside Yes it's cold outside
It's cold outside We should come inside We should come inside
'Cause it's cold outside
