Maria Lionza

Devendra Banhart

Let's drink a toast to that strange old feeling That this is a moment without any meaning This is a moment without any meaning

Let's make the most of when we stopped believing Love is the only thing truly worth grieving Love is the only thing truly worth needing

Maria Lionza Lady hand me real arrows

Who do you love
The lover you can't forget
Who do you love
Or the lover you haven't met

Who do you love
The lover you can't forget
Who do you love
Or the lover you haven't met...
