

The Party

Devendra Banhart

I know you don't love me
I know that it's true
But I know that you tried to
I know that you tried

And that was more love than I ever knew
Yeah, that was more love than I ever knew

I go to the party
But it don't go to me
I see you leaving
I see that you've got to leave

So, baby, how 'bout it? How 'bout it?
You and me
How 'bout it? How 'bout it?
You and me

That was more love than I ever knew
Yeah, that was more love than I ever knew
