

Land Of Opportunities

Deviates

i hear the word opportunity so many times I'm not sure what it means to me
all importance lost in a definition that's been spread to the masses by the age of integrity
i hear the talk about stability, i start to realize this ain't the land of opportunity
i heard a story today about a man who had millions but no stories to tell
climbed on top of his mountain of money & found he was all alone
to live a life in the name of money was the opportunity he should have blown
no shit i realize, I'm not the only one
this happens everyday, you know it happens to everyone
i get real pissed off, & i throw my hands in the air
but i got my friends with me, so i don't care
don't tell me what i want, don't tell me what i need
don't tell me what i have or what to be taking, ill tell you what i want
don't worry about me, I've got my opportunity
