

Here She Comes

Devics

You took me on,
You put me down,
Hold your breath
And I see you behind closed windows and screamed
What could this mean to you ?

Just start sighin'
Someone's follow you
And this beautiful day
Then we can say
Will be gone
Just like all the empties to call

Well here she goes
I never thought I'd see you
on a sleep
but that's the way it goes
time can never stop
someone always goes

I guess you know
I guess you know

She was stained
Would it be just like any other day to let it go ?
To let you know
That I love you

I guess you know
I guess you know
