## Deviscs

You think you can have both of them  
and I want you to know  
That I'm in, I'm in  
And this time I'm staying  
to bur the trail that you left, you left  
And if I was cold,  
well then you would stay inside me, warm me  
Here I'm safe so here I stay  
Lift me out, lift the doubt  
You asked me to say what I had done  
I told you just like I told everyone  
I still have some doubts that you are the reason  
Still this is just so hard  
cause I know that I'll be left like always  
Here I'm safe so here I stay  
Lift me out, lift the doubt
