

That Eye's Half Open

Devics

please another for me
cold veins are thirsty
i'm caught in between
death break doorway out
how he's in the known
like color in the eye
time caught in between
dad please help me out
this could be the end of me
such color in a knife
please another
for me i'm thirsty
time caught in a decision
and to think that
that if i listen it would be the end of me
dad please help us out
or i'm gonna go like you did
such color when i think of you
i'm thirsty
and their feasting
i'm spinning
i'm raised
