## Devil Doll

Can't stand to see you go  
Can't stand to see me stay  
Can't help but wonder when  
I'll see your face again

Not waitin' by the phone  
Leave your name and number after the tone  
Hell, I'm not even home  
and I'm not alone

Could you do something please  
Be on your best for me  
Tell me that you need me  
and that you think I'm pretty
