## Lord's Prayer

Dear God please don't fuck me on this one Cause me heart is getting colder Nights are getting older And I have always known that he is the one So God please don't fuck me one this one The path was a little shady And I haven't always been a lady But I gave my heart and soul Intentions pure as gold But he still felt he had to go so

So God please don't fuck me on this one

So God please don't fuck me on this one
