

The Way We Die

Devil You Know

Will you stand and be counted
A leader among the hopeless
Go forth and be the one
To rise above the waste

Inactive
Immobile
No more time to wait

(Moving)
This is the way we die
(Forward)
With our heads held high
(Onward)
We are the order piercing forward
(To the end)
This is the way we die

The reflections speak for themselves
So hollow inside of our eyes
The sun is life incarnate
To rise above the waste

Inactive
Immobile
No more time to wait

(Moving)
This is the way we die
(Forward)
With our heads held high
(Onward)
We are the order piercing forward
(To the end)
This is the way we die

Will you stand to be the one
A leader to rise above the waste
Rise above

(Moving)
This is the way we die
(Forward)
With our heads held high
(Onward)
We are the order piercing forward
(To the end)
This is the way we die

We are the order piercing forward
This is the way we die
We are the order piercing forward
This is the way we die
