

## We Live

## Devil You Know

Driven force, through the guiding light  
Shaping me, turning me into the man I am

There is a reason for this suffering

We live, we learn  
And each time we make a stand  
We live, we learn  
And every day is the day to burn

You don't know  
You don't know what it's like to be  
You don't know  
You don't know what it's like to be

Or you'll be forced through our trials  
Openly, willingly, to turn a brand new life

To survive what they will understand

We live, we learn  
And each time we make a stand  
We live, we learn  
And every day is the day to burn

Changes coming, through our demands  
This is how it begins  
Right here where we stand

You don't know  
You don't know what it's like to be  
You don't know  
You don't know what it's like to be

We live, we learn  
And each time we make a stand  
We live, we learn  
And every day is the day to burn

You don't know what it's like  
You don't know what it's like  
You don't know what it's like  
Now you know
