

## Country Heroes

DevilDriver

I (I) died (died)  
Just one more time  
(Just one more time)  
I (I, I, I) died (died)  
This might be the last time  
(Last time)

Well, oh what a feeling  
That burns down low  
When you ain't got nowhere to turn  
Or nowhere to go  
It makes me feel like sometimes  
I'm outta control  
So I'm gonna get wasted  
With all my country heroes

I'm drinkin' some George Jones  
And a little bit of Coe  
Haggard's easin' my misery  
And Waylon's keepin' me from home  
Hank's givin' me those high times  
Cash is gonna sing it low  
So I'm here gettin' wasted  
Just like my country heroes

I'm drinkin' whiskey  
Out of that glass  
And if that ain't country  
Well boys, you can kiss my ass  
I wanna hear them old songs  
Nothin' of the new  
'Cause this might be the last time  
I'm gonna see you

It makes me feel like  
I'm outta control  
So I'm gettin' wasted  
With all my country heroes

So I'm gettin' wasted  
With all my country heroes  
(Country heroes)  
Country heroes  
(Country heroes)  
Country heroes  
(Heroes)
