

# Forgiveness is a Six Gun

DevilDriver

33rd degree, on the corner of Quit street and Temptation Avenue  
On the road to redemption, outside of heaven  
Pride can be dangerous and you knew  
Method of Execution, length of duration  
At what cost?

Forgiveness is a six gun, teach me how to shoot  
The truth is like a moving target, forgiveness is a six gun

The streets from the start, have been filled with doubt  
And they are set free, you needed someone to carry you  
Fighting and counting the days, the error of your ways  
Methods of execution, length of duration, at what cost?

Forgiveness is a six gun, teach me how to shoot  
The truth is like a moving target, forgiveness is a six gun

In cold blood, dressed in black  
Tombstones and tumbleweeds  
Left the dead behind, watched em falling  
Let Smith and Wesson do the motherfucking talking

Dust in my eyes, dust in the street, shotguns and broken dreams  
Now we left the dead behind, watched em falling  
Let the Smith and Wesson do the motherfucking talking

Now!

Forgiveness is a six gun, teach me how to shoot  
The truth is like a moving target, forgiveness is a six gun  
There is no forgiveness (4x)
