

# Ruthless

DevilDriver

Aaah! Ugh!

Dealer, dealer, dealer, dealer  
Dealer of destruction  
The shogun of sorrow  
The merchant of doom  
Accomplice to anyone

The fact is fear  
Will fuck you up  
So drain your cup  
and take another down

A chilling portrait of the way we were  
promised mercy but delivered destruction  
Cross my heart  
Despite the odds  
and all your facades  
I'm consumed by gods

I'll see you in blood  
Left for dead  
Face down in mud  
Fuck you I'm ruthless!

Despite the odds  
Left for dead  
Face in the mud  
I'm fucking ruthless!

Damn the deceiver  
The ancient of evils  
You'll come to cower  
in front of the will for power

The fact is fear  
Will fuck you up  
So drain your cup  
and take another down

A chilling portrait of the way we were  
promised mercy but delivered destruction  
Cross my heart  
Despite the odds  
and all your facades  
I'm consumed by gods

I'll see you in blood  
Left for dead  
Face down in mud  
Fuck you I'm ruthless!

Despite the odds  
Left for dead  
Face in the mud  
Fuck you I'm ruthless!

Look what you've done to me  
Now with candle light I pray  
Love is not the law  
Underneath the harvest moon

Dealer of destruction  
The shogun of sorrow  
The merchant of doom  
Accomplice to anyone

The fact is fear  
Will fuck you up  
So drain your cup  
and take another down

I'll see you in blood  
Left for dead  
Face in the mud  
Fuck you I'm ruthless!

Fuck you I'm ruthless!  
Left for dead!  
Fuck you I'm ruthless!  
Left for dead!
