

Through the Depths

DevilDriver

Attention, you're seeking, you've asked for, it's given
Windows, broken hearts, watching all your restarts
I wanna be around when you go down!

Through the depths to the ascension
Nothing you wouldn't do for my attention
Held to the fire it's not my crime
You've pinned it on me...
For the last time!

So discretion, never meant that much to me
So discretion, your memory I'll delete
The road to hell is paved with good intentions, intentions!

Through the depths to the ascension
Nothing you wouldn't do for my attention
Held to the fire it's not my crime
You've pinned it on me
For the last time, for the last!

You are the storm before the rain, I am the mighty tide
Holding you under the waves, nothing lasts forever

Intention, apprehension, you've asked for, it's given
The road to hell is paved with good intentions
The road to hell!

Through the depths to the ascension
Nothing you wouldn't do for my attention
Held to the fire it's not my crime
You've pinned it on me, for the last!

Through the depths to the ascension
There's nothing you wouldn't do for my attention
Held to the fire it's not my crime
You've pinned it on me, for the last!

The raven calls your name, this life is taken away
Beneath Orion's lights, the galaxies of Gods unite
The raven calls your name, this life is taken away
Beneath Orion's lights, the galaxies of Gods unite
I wanna be around when you go down!
