

Like the devil to the chosen one  
The shadow justifies the Sun  
Motives were taunted, and bitter to the taste

Like the presence that can rise above  
The heartbreak of the ones you love  
Ashes to ashes, return to the dust

And I kneel to no one  
And I never will  
I stand a woman  
Not an Animal

And I'll stand for what I think is right  
Slowly fading out of sight  
As the moon rises it whispers my name

Like a kauri I will stand alone  
I feel the hubris in my blood and bones  
Ashes to ashes, return to the dust

And I kneel to no one  
And I never will, uuuu...  
I stand a woman  
Not an Animal, uuuh

Oh, I stand a woman  
Not an Animal

Ooouhh-hooooo  
Yeah, Yeah  
Heeey-eaeaa-eaaa-eee  
Heeey-eaaa-heaay!

I kneel to no one  
And I never, oh, I never will  
I stand a woman  
Not an Animal

Uuuuu-uuuu  
Uuu-uuu-uh...
