Blood & Bone

Devilskin

Midnight
Time in motion
The moon alone controls the sleeping ocean

Starlight
Open up my eyes
Cleanse the soul and let it soothe the mind

Blood, blood and bone
We stand together all alone
Sunrise, oh, won't you take me home?

Silence
Oh, I'm given peace
Sacred music soothes the savage beast

Sunrise
Oh, please take me home
Turn back into dust from blood and bone

Blood, blood and bone
We stand together all alone
Sunrise, oh, won't you take me home?
Blood, blood and bone
We stand together all alone
Sunrise, oh, won't you take me home?
Blood, blood and bone
We stand together all alone
Sunrise, oh, won't you take me home?
