

Corporate suit wearing, money hungry pigs  
Clear the path for something you know is big  
Laugh and cheer with two-faced smile  
"You look like dirt, but we love your style"  
Corporate suit wearing, money hungry pigs

Media darlings, get on your knees  
In this industry, you know that you're here to please  
You'll be the world, none like the other  
Until they replace you with another  
Media darlings, get on your fucking knees

For soon you'll be washed up and old  
No longer fit their corporate mould  
The thirsty dogs, money runs dry  
The corporate pigs carry on their lies, ha-ha

Media darlings, get on your knees  
In this industry, you know that you're here to please  
You'll be the world, none like the other  
Until they replace you with another  
Media darlings, get on your fucking knees

Fuck these money-hungry pigs  
Fuck these corporate no-ones  
Take your fucked up sense of pride  
Dispose of you when I'm done

Fuck these money-hungry pigs  
Fuck these corporate no-ones  
Take your fucked up sense of pride  
Dispose of you when I'm done

Fuck these money-hungry pigs  
Fuck these corporate no-ones  
Take your fucked up sense of pride  
Dispose of you when I'm done
