Devilskin

You feel the life in me
I feel nothing but shit
You know it's worth a breath
You know it's giving in
I swing a cleaver from side to side
I'm breaking down what's on the inside
I'm fucking your insides
Hope it feels good, motherfucker
Feel you, see this, know me, I'm gone
You fall into abode
You see the pain in me
You cannot see the light
I cannot let you be
I swing a cleaver from side to side
I'm breaking down what's on the inside
I'm fucking your insides
Hope it feels good, motherfucker
Cut your skin, feel your wrists
Fuck your friends, your family, yeah
Peel your skin; I'll feel better myself

Just to watch you bleed
Just to watch you bleed
Just to watch you bleed
Just to watch you bleed
Just to watch you bleed

You fall into abode
You see the pain in me
You cannot see the light
I cannot let you be
I swing a cleaver from side to side
I'm breaking down what's on the inside
I'm fucking your insides
Hope it feels good, motherfucker
Cut your skin, feel your wrists
Fuck your friends, your family, yeah
Peel your skin; I'll feel better myself
Just to watch you bleed
To watch you bleed
To watch you bleed
Peel your skin; I'll feel better myself
Just to watch you bleed

Oh, Just to watch you bleed
Just to watch you bleed
Just to watch you bleed
Just to watch you bleed

I'm fucking you up, breaking every bone up
Fucking everything up, fuck you, enemy
I'm fucking you up, breaking every bone up
Fucking everything up, fuck you, enemy!
