

# Placebo

Devin Dawson

Every time I fall  
I just try and convince myself it's the real thing  
But that ain't it at all  
I never learn my lesson  
Looks can be deceiving

The mind  
Yeah, the mind is a powerful thing  
But the heart is a whole lot smarter than you think  
No, I'm not over you

Girl you've got me love sick from your loving  
Need me something for a remedy  
Girl you've got me dying but I'm hiding it  
From another laying next to me  
Can't help it that every time I think where did we go  
Baby it takes me right back to zero  
This ain't love, it's just a placebo

Living with that thought  
Is a bitter sugar pill for me to swallow  
But it's all I got  
The only thing that'll get me to tomorrow

The mind, yeah the mind is a powerful thing  
But the heart is a whole lot smarter than you think  
No, I'm not over you

Girl you've got me love sick from your loving  
Need me something for a remedy  
Girl you've got me dying but I'm hiding it  
From another laying next to me  
Can't help it that every time I think where did we go  
Baby it takes me right back to zero  
This ain't love, it's just a placebo

It might feel so  
But it ain't though  
It's just a placebo  
It might feel so  
But it ain't though  
It's just a placebo

Girl you've got me love sick from your loving  
Need me something for a remedy  
Girl you've got me dying but I'm hiding it  
From another laying next to me  
Can't help it that every time I think where did we go  
Baby it takes me right back to zero  
This ain't love, it's just a placebo

Every time I fall  
I just try and convince myself it's the real thing  
That ain't it at all
