

From Sleep Awake

Devin Townsend Project

Little boy: Mommy mommy, is is he really here? Is Ziltoid really here...

Little boy's mother: Yes he is...in fact, THERE HE IS NOW!!!

Dominate, dominate dominate...

Captain Spectacular: As your elected representative,
I...Captain Spectacular, have the distinct honour of presenting
to you,
the intergalactic sensation... ZILTOID THE OMNISCIENT!

Ziltoid: yessss....

So the mourning comes alive, now I can fly...
Go, dominate their lives I cry: but never forget this warning:
I cry out loud, show me this chosen liar

Liar, liar, liar, liar...never!

Humans are a strange species, equal parts good and evil, and at
this time
in their development, they're not ready for interaction with other
life forms
His appearance, and the reality that Ziltoid is from another planet
has
thrown their primitive society into mass hysteria!!!
He is being revered as a God...for now...
