

# Into The Sun

Devin Townsend Project

Rode on the way  
How the water fills my eyes  
Rode on the way  
And you feel it  
You've found your color

Rode on the way out  
Feed the energy, my god  
They'll never take it away  
They can never take it away  
I won't stand it!  
Ride on! The road keeps coming again...  
Ride on, into the sun! Keep smiling, home we go

On and on we go into the new tomorrow.  
Never let it go, the dreams of old, dreams of old.  
Om! We know! Let it go!  
Ride on! The road keeps coming again  
Ride on, into the sun! Keep smiling, home we go  
Ride on! The road keeps coming again  
Ride on, into the sun! Keep smiling  
All we are, Om we are, all we are, whoa!
