Time Overload

Devin Townsend Project

Time! You give me time overload.
Oh, time! You give me time overload.

Everyone goes easy upon everything we do...
Fill the void with weakness, be afraid, it's nothing new...

But now it's time! Oh, time!

Say there's other places, different than our own
But all the world is frightened.
We'll be so; look what we've been shown.

Time!
Want to be yours
You give me time overload
Want to be yours, baby
Oh, time!
Want to be yours
You give me time overload
Want to be yours, baby
[2x]

Through the depths of this all is only fear!
Fear that not all this is truly here!
Through it all, will you conform to the horror?

Time!
Want to be yours
You give me time overload.
Want to be yours, baby
Oh, time!
Want to be yours
You give me time overload.
Want to be yours, baby
[4x]

Time!
Want to be yours
You give me time overload.
Want to be yours, baby
Oh, time...
