

Believe

Devin Townsend

Hold on to you now, want to take you in
Hold on to you now, everybody breath
Time kills the memory, makes you want to scream
Time cools the memories, really makes you want to bleed

Hold on to you now, want you to believe
Hold on to you now, everybody breath
Time kills the memory, makes you want to leave
Time kills the memory, makes you want to leave... this life

When will the world unite
Hold on

Hold on to you now, want you to believe
Hold on to you now, everybody grieves
Time kills the memory, makes you want to leave?
Time kills the memory, makes you want to leave... this life
