

## Brown Man

Devin Townsend

Brown man  
Brown man  
Brown man  
Brown man

Yes! I know the time is now and  
Your balls flow  
Mightily across the desert plains  
You will never know the blagenflag  
Of the swingset of doom

Go, take me to town  
Feed me nice things  
Put in my head the belly of your beast  
Feed me cheese  
Feed me nice animals  
The cuter the better lad  
Let's go for the furry ones first  
Ugly ones last  
Into my belly you go

Baby baby baby baby  
Brown man (brown man)  
Brown man (brown man)  
Brown man can with your plan and  
Brown man fan with the belly gun  
The world is your oyster lad  
(Brown man) indubitably  
(Brown man) we all know where your conch flows  
Ladies, the gnomes feast on your noble vagina

Look littleor, it's a vagina!

Pussy pussy pussy...  
Om nom nom nom  
...

Balls!
