

## Empath

Devin Townsend

Terrified and on your own  
Slowly we will hop the walls in time  
Days eternal, take it slow  
Try to run yet you wanna know  
We see that

All of this goes away  
All of this melts away  
When you do  
So what do empaths do?

Lazy Sunday, family time  
Mom is cooking, watch the rain from inside

Toss the ball with daddy, child?  
Yet

All of this goes away  
All of this goes away  
When you do  
So what do empaths do?

Inside you're crying

Sure enough we found our way home  
But you know

All of this melts away  
All of this goes away  
When you do  
All of this goes away  
All of this melts away  
All of this goes away  
As we do
