

From The Heart

Devin Townsend

As I go through life in search of everything
I have wished my heart away
I have watched this all behind a fear of pain
No one knows this more than I

I need one more to take it home now
I've got no more to turn the page
Please, I love her

Jaya seeyaa raama, jai jai hanumaan
Jaya seeyaa raama, jai jai hanumaan

Have I told you lately all that you mean to me?
Have I told you that I love you?
Have I called to say I'm sorry I made you feel this way?
Even told you that I care?

Just need one more to take this home now tonight
I've got no war to fuel the rage
Just need one more to take this home now
I've got no more to fear the pain

I love her

Jaya seeyaa raama, jai jai hanumaan
Jaya seeyaa raama, jai jai hanumaan

(Hare raama raama raama, seetaa raama raama raama)
