

# Gratitude

Devin Townsend

You see me on top of the world now, Gratitude...  
Gratitude!

We've got to believe  
Things will only get better  
So you got to breathe... and say thank you

Mother, please let the kid enjoy  
Mother, please let him be a boy

You see me on top of the world now, Gratitude...  
Gratitude!  
So easy on top of the world, I'm glad it's you...  
Gratitude!

I've just come to say goodbye  
(You don't want it to die)  
But I've had a great life...

...thank you

Mother, I'm hauling heavy loads  
And mother, I long to be alone

You see me on top of the world now, Gratitude...  
Gratitude!  
So easy on top of the world, I'm glad it's you...  
Gratitude!

As long as you're holding the fearless inside  
Your heart will be loved and the love will be right

You see me on top of the world now, Gratitude...  
Gratitude!  
So easy on top of the world, I'm glad it's you!  
Gratitude!

Come away, every breath is a door  
It was you and me...  
And all of our blessings are one

Gratitude!
