

# Gulag

Devin Townsend

You and I could learn together  
Do the things which once we were afraid  
And we can try to make the world seem better  
Try to make it all seem it's okay

So try again  
So tired of this  
Why try again?  
Call to all

You and I could live together  
Try to say the words we'll never say  
And we can try to make a life again  
Try to push the outside world away

So try again  
So tired again  
Why try again?  
Call to all

You and I could learn together  
Do the things which once we were afraid  
And we can try to save ourselves again  
Try to save our families anyway

So tired of this  
So tired of this  
Why try again?  
Call to all
