

King

Devin Townsend

All your broken visions
All your broken visions

Sleepyhead, sleepyhead
All we are, we are
Don't let your lights be broken
Always in fear and darkness
Always we fear our darkness

Sleepyhead
All we are, we write
Don't let this life be broken
Always will we always fear our greatness
Always in love
Who'll save us now

'Cause this is madness...
So we'll be

Oh! Are you ready to make history?
Oh! Are you ready to make a stand?
Oh! Are you ready to make history be gone?

Please, remember the kingdom
The kingdom, the kingdom
The king, our king
I am I
The way out
A way out
Want to be

I know you help your resolve, resolve

Oh! Are you ready to make history?
Oh! Are you ready to make a stand?
Oh! Are you ready to make history?
Oh! Are you ready to make a stand for me?
