One minute away from you
One minute away from being like you!
One minute away from you
One minute here with my good eye closed!

Only takes a minute till the morning comes and we are re-
opposed!

When did it appear to you?
Since when did we appeal to the fallen goals?
How do we imagine you?
Where will you fit when I'm gone?

So I'm ready to stick, I'm right in the thick!
It can only get bitter or better!

Rock, let's rock!
The time has come to forget all about you and rock!
Let's rock!
The time has come to forget all about it and rock!
Let's rock!
The time has come to forget all about you and rock!
Let's rock!

Yeah!

So running away from you is just a little girl
The one who's daddy went away!
And you're no stranger to the problems of the world
Just let the woman lead the way!

Yeah!

Rock, let's rock!
The time has come to forget all the bullshit and rock!
Let's rock!
The time has come to forget all about it and rock!
Let's rock!
The time has come to forget all about you and rock!
Let's rock!
Rock, let's rock!
Rock, let's rock!

Let it out!
