

Ocean Machines

Devin Townsend

I see the world in a hole
I've known this feeling before
I don't even know why I'm here
I don't even know who I am
Oh my machine
My machine

I keep a watch out at night
(I've seen the world in a hole)
I'll go whenever it's right
(I've seen the light)

I don't even care who you are
I don't even know why I'm here

I've found a way through the ocean machines
When it is time, we will know what it means
Life finds a way and that always will be
When it is time we will see what we'll see
I guarantee

I went alone all I need
Time, it's time, it's almost time
You come... you'll go... you'll never feel it

Signal!
I guarantee
