Honey, I know that you can hear me
Your love has come and gone
And even at times when you're near me
Your loving's come and gone
And I know but can you hear me?
Your love is what keeps us strong
And even at times when you're near me
Where have the good time gone?

They're gone

Brother, all good but can you hear me?
Your blood is what keeps us strong
I need a second hearing
Outta the good I'm gone
Outta the way I'm gone
Outta the way I'm gone
Outta the way I'm gone
Outta the way I'm gone

Brother, I know that you can hear me
And blood is what keeps us strong
And I need a second hearing
And outta the way I'm gone
Outta the way I'm gone
Outta the way I'm gone
Outta the way I'm gone
Outta the way I'm gone
Outta the way I'm gone (Don't fear me)
Outta the way I'm gone (You'll hear me)
Outta the way I'm gone (Don't fear me)
Outta the way I'm gone (You'll hear me)

Something's got a hold on you, child
Something's got a hold on you, child

Runnin' the wheel!

Outta the way I'm gone
Outta the way I'm gone
Outta the way I'm gone (I'll fear me)
Outta the way I'm gone (Don't fear me)
Outta the way I'm gone (I'll fear me)
Outta the way I'm gone (Don't fear me)
Outta the way I'm gone (Don't fear me)
Outta the way I'm gone (You'll hear me)
Outta the way I'm gone (Don't fear me)
Outta the way I'm gone (You'll hear me)

Satan's got a hold on you, child
Satan's got a hold on you, child
Satan's got a hold on you, child
